Description

A Scandinavian tree-trunk chair from the 1970s, made from a solid, hollowed-out trunk, likely pine.This type of chair, known as a "Kubbestol," has its origins in the traditional art of Scandinavian folk furniture. The chair features a high, curved backrest, integrated armrests, and a distinctively shaped seat. The wood features natural cracks, knots, and a warm patina.Dimensions: 99H x 70D x 72.5W46SH
