Description

Painted in 1974, this oil on canvas titled "3 Night Figures" powerfully illustrates the unique world of Bengt Lindström, a leading figure in Nordic Expressionism.Using a deep color palette dominated by intense greens and dark blues, accented by luminous touches of yellow and red, the artist brings to life three mysterious, almost enigmatic figures.The painting is distinguished by a particularly generous application of paint and a thick impasto, worked into relief with a free and instinctive gesture. The impasto literally sculpts the canvas, giving the figures an almost palpable presence.True to his pictorial language, Bengt Lindström prioritizes emotion, spontaneity, and the power of the brushstroke over a faithful representation of reality.81 x 100 cm
