Description

A beautiful painting depicting a view of the Rio Albrizzi from a lovely perspective, featuring its footbridge and vegetation bathed in the golden light of Venice.It features a wealth of detail and subtle color nuances. The Rio Albrizzi is a secondary canal in Venice located in the sestiere (neighborhood) of San Polo, near Sant'Aponal and the Ponte delle Tette. It is located in a quiet residential area of San Polo, far from the busiest thoroughfares around the Grand Canal or St. Mark's Square. Associated palace and garden: The canal runs alongside the Albrizzi Palace (or Palazzo Albrizzi-Capello), originally built in the late 16th century and associated with the Albrizzi family from the 17th century onward. A private footbridge connects the palace to its garden, and the building regularly hosts contemporary art
