Description

Through this view of La Manneporte, Boris Tchoubanoff offers a personal interpretation of one of the most iconic landscapes of the Normandy coast.His free and expressive brushwork, the richness of the texture, and the play of light vividly convey the ever-changing atmosphere of Étretat.In the tradition of painters inspired by the Alabaster Coast, the artist breathes new life into this famous motif through a luminous and generous painting style that emphasizes color and the power of the landscape.
