Description

Thisfireplace screen is made of walnut in the Louis XV style. It consistsof three solid wood frames, molded and carved, enclosing apainted canvas. Each panel features an upper crossbarwith a scalloped edge, adorned with a floral motif and carved foliage,as well as a lower crossbar that is also scalloped andcarved. The entire piece rests on small, curved legs, and thepanels are connected by brass hinges. Eachpanel is painted in polychrome with exotic birds perched onleafy branches. The backs of the panels have recently been coveredwith a modern striped fabric. This is a decorative piece of furniture full ofcharm, ideal for adorning a hearth when the fireplace is notin use, while protecting against drafts, but also toshield oneself from the heat when the fire is too intense.
