Description

An elegant three-light chandelier made of carved and gilded wood in the Louis XVI style, featuring a particularly harmonious design and beautiful proportions.The slender central shaft, punctuated by balusters and turned elements, culminates in a bulging body decorated with fluting and carved foliage. Three light arms with scrollwork and volutes complete this composition, topped with lampshades and faux candles decorated with dripping wax.The gilding has a lovely antique patina, with warm tones and a few signs of wear that add to the charm and authenticity of this light fixture.The electrical wiring has been completely redone and brought up to current safety standards. The chandelier is fully functional and ready for installation.It comes with two sets of interchangeable light bulbs, allowing you to vary
