Description

A curved corner cabinet in Transition-style marquetry. The front rests on two curved legs topped with lion-claw feet, made of mercury-gilded bronze. The domed door is entirely inlaid, with a central medallion featuring Louis XVI-style ornamentation consisting of a knotted ribbon, a wreath of flowers, and floral motifs. The side panels are inlaid and adorned with very finely chased mercury-gilded bronze fittings. The interior features a removable quarter-round shelf. The top is made of Aleppo breccia marble in perfect condition.Mid-19th-century Parisian piece, constructed of solid oak.Bears an "L F" stamp.In very good overall condition! Buffed varnish finish.
