Description

A finely painted miniature depicting a young woman in a three-quarter-length bust portrait.She is seated on a Louis XV chair, wearing a blue jacket with lapels, a white ruff, and an imposing dark-colored fur hat with a wide bow, adorned with a light blue ribbon.In her right hand, she holds a small bird tied to a long double ribbon.Her round face with a pointed chin, her wide-eyed expression, and her short, straight hair with a long fringe transport us to an unusual world.This astonishing miniature--remarkable both for its subject and the originality of the person depicted--is set in a finely chased round 9K gold medallion.D: 6.5 cm.Two faint vertical cracks on the right side.
