be easily transformed to comfortably accommodate friends and family on special occasions.The table is extendable, but the central inserts are not included. We can custom-make them for you, but this must be arranged before placing your order. Please note that, when fully extended, the tabletop measures 330 cm (129.921 inches) in width and 127 cm (50 inches) in depth. To assess seating comfort, note that the legroom between the floor and the tabletop is 63 cm (24.8031 inches). The additional panels used to extend it, if made by us, will be newly designed, made of fir wood; designed to be used with a tablecloth, so they will not be visible. We can craft them to meet your maximum length requirements. For example, by creating three 50 cm (19.685-inch) extensions, you can also choose to add just one if you have fewer guests.The table has been restored using a conservative approach that has preserved its authentic beauty while making it ready for use in your home. We've left the wood in its natural tone, making it suitable for a wide variety of settings.Don't miss out on this fantastic antique Italian table, ready for your home!Note: The image showing the item in a home setting is for illustrative purposes only.
