Description

Art Deco floor lamp made of black-painted and varnished wood with a "Black Piano" finish, and nickel-plated metal. Its silhouette consists of three elements: a circular base, a long tapered shaft, and a wide bowl open toward the ceiling.The base, a domed disc with rounded edges, rests on three black ball-shaped feet. A stepped band of nickel-plated metal marks the start of the shaft.The shaft widens as it rises: slender at the base, it reaches its widest diameter beneath the shade. A thin band encircles it halfway up.A molded band of nickel-plated metal supports the wide, shallow shade--made of the same polished metal--designed for indirect lighting.This floor lamp has been fully restored by our workshops and is in perfect condition.French craftsmanship, circa 1930.Dimensions Height: 180 cmDid you
