Vodka Decanter. Crystal And Silver, Germany, Circa 1908

215 EUR

Period : 20th century

Condition : Parfait état

Description

A "selfish" vodka decanter made of cut crystal, with two matching glasses featuring silver mounts. A "selfish" vodka decanter made of cut crystal, accompanied by two matching glasses, also made of crystal and adorned with silver mounts. The decanter is adorned with an elegant silver mount in the German Modernist style. German work intended for the Russian market, from the Tsarist era, circa 1908-1917. 925/1000 silver, official German hallmark and "925" fineness mark. Silversmith's mark: Wilhelm Binder, Schwäbisch Gmünd (Germany), firm founded in 1869. A Russian hallmark indicating a fineness of 84 zolotnik (875/1000) is also present on the decanter's base as well as on the goblets, attesting to the fact that this set was intended for the Russian market.Decanter height: 22
