18th-century Miniature Of A Young Woman

480 EUR

Period : 18th century

Condition : Bon état

Description

An 18th-century miniature depicting a young woman.She wears a white lace bonnet embellished with fabric motifs that reveal her light hair, and is dressed in a low-cut, ruffled dress partially covered by a light, pleated white silk scarf.Her delicate face is charming, and her brown eyes stand out against her fair complexion.The colors used by the painter are soft and refined.This miniature is framed by a chiseled 18K gold border.D: 4.5 mGood condition.
