## Description

Sushi-style Brutalist coffee table, designed by Gilles Derain for Lumen Center in 1980A piece of French design with a distinct architectural character, this coffee table captivates with its Brutalist aesthetic and particularly elegant geometric lines.Crafted from pear wood and pear wood veneer in warm tones, it features a magnificent rectangular top with subtly rounded edges, resting on two solid, panel-shaped side legs.Its sculptural design plays on the simplicity of its forms, the purity of its lines, and the natural beauty of the wood.The Sushi model perfectly embodies 1980s design, blending modernism, brutalist influences, and architectural minimalism.A piece with character that will naturally find its place in a contemporary interior, or in a vintage, Brutalist, or modernist
