Description

Danish teak rolling side table from the 1960s, attributed to the famous design duo Peter Hvidt & Orla Mølgaard-Nielsen, for the manufacturer Søborg Møbler.This elegant serving table perfectly embodies the refinement and functionality of mid-20th-century Scandinavian design.It features an airy wooden structure in beautiful warm tones, composed of two stacked shelves, delicately framed by raised edges.Its four slender legs, finished with vintage casters with brass mounts, give it a light and particularly elegant silhouette.Both practical and decorative, this side table can be used as a mobile bar, serving table, end table, or accent piece in a living room.Its timeless aesthetic fits just as well in a mid-century modern interior as it does in a contemporary or vintage
