Description

Landscape, country house. Oil on hardboard. 20th century.Shows signs of wear.This framed landscape, painted in oil on hardboard, depicts a forest filled with tall trees, a river, and--on its banks--a small cabin with a small dock, as well as a two-story building with a clearly visible terrace. The painting evokes architectural styles that are not characteristic of the more traditional Spanish school. It shows influences from late 19th-century European schools (particularly French ones), such as Impressionism, which are evident in its composition, brushwork, and the primacy given to color over line. · Dimensions: 59 x 2 x 39 cm (int. 51 x 31 cm)
