Designer Glass Ceiling Light

700 EUR

Period : 20th century

Condition : Très bon état

Material : Glass paste

Description

We are pleased to present this beautiful glass ceiling fixture (glass paste) with acid-etched designs, signed by J. Michel Paris.J. Michel established his glassmaking business with a workshop located at 39 Rue de l'Égalité in Les Lilas, Seine-Saint-Denis. His works are known to have been produced between 1925 and 1935. The technique and designs of his works bear similarities to those of the famous Pantin crystal glassworks.His creations straddle the transition between Art Nouveau and Art Deco.We do not have the mounting bracket that was used to hang this beautiful ceiling light.Please note a slight flaw (see photo), likely a superficial chip. It does not appear to penetrate the glass, and nothing is visible on the inside.Shipping not included.
