Depth : 36.5

Description

Here is a piece of real character, made as much for the eye as for use. Pair of wrought iron andirons, the decor composed of scrolls and supple curls animating the silhouette, on a stable base. The curve work, classic of the blacksmith, lends elegance and movement. French work of the 1950s. It will naturally find its place before a carefully dressed hearth and will appeal to lovers of bold, signed design.
