Three-panel Brass And Mesh Fire Screen, French Work, 1950s

1 150 EUR

Period : 20th century

Condition : Bon état

Material : Brass

Width : 53

Height : 47.5

Depth : 26.5

Description

Here is a piece that combines function with a striking graphic presence before the fireplace. Three-panel folding fire screen, the gilt brass frame enclosing a mesh panel, the side wings folding to fit the hearth. A classic, protective and convenient model. French work of the 1950s. As protective as it is decorative, it stands out to elegantly assert the fireside.
