Description

Dimensions: 21 x 7.5cm. Weight: 200 g.A beautiful pair of wrought-iron scissors with an impressive design, On each side: a round ring (the two are separated by a stopper, so they're secure for fingers); the upright is notched, as if to form a pilaster; the upper notch is beautifully fluted; two double fillets frame the central rivet decorated with brass and iron washers; the wide blade is hollow. A beautiful usual object, intended for household or textile use; rings do not allow for certain tasks such as shearing sheep. The central rivet, which is quite pretty, is not original; its diameter, which is 2 mm smaller, causes a significant amount of play, One must imagine these scissors with a larger central rivet, as was customary on17th century, to appreciate the age and rarity of this beautiful pair of
