Width : 59.5

Height : 51.5

Depth : 14

Description

Here is a decorative piece in its own right, as much as an elegant guard for the hearth. Glass and black lacquered metal fire screen, with a pared-down, contemporary line, protecting the hearth while leaving the flames visible. Modernist design, circa 1980. Before a hearth, firelight brings it to life and reveals its full design: a piece both protective and resolutely decorative.
