Description

The drawing and the following from the same collector cardboard cliches that put on the website last night. This drawing, executed a pencil removed on a sheet of bond paper eighteenth 25 X 38 cm, shows a couple sitting in the countryside, talking with a man back. The composition suggesting a burning project carries a annotation "PILLEMENT" lower right. I do not think pass whether a Master drawing, but perhaps the drive before running the board .. and foxing stains.
