Great reliquary surrounded by a garland of flowers, of Napoleon III. It contains a small fragment of the robe Sainte Julie. The central medallion is in "foam", a material commonly used at the time. Very decorative object.

Dimensions: 48 cm X 41 cm Good condition. It has probably never been opened. Its frame and its glass are of origin. This object is old and includes notably on framing of imperfections, scratches and usual wear. Given its fragility, I prefer not to send it by the Post. It is available in Paris in September or by then in the 04. Questions? Do not hesitate to call me or send me a message. I will answer you with great pleasure.
