Description

For occasions when you dare not open a bottle for two, you will have no more excuse! In the course of the twentieth century, the Ravinet-d'Enfert brand produced extremely modern pieces, so I would be careful not to try to date it, although it seems to me from the 60/70 years may be earlier. The design is very original with its open-ended plugs and reinforced with welded rings, but nevertheless very pure. 14.5 X 12.5 X 11.5 cm Some deformations due to a shock at the base, small wear of silver.
