### Description

This amusing revival, according to my seller, was offered to the dealers of cycles and motorcycles by the manufacturers. DEP brand, a French manufacture well-known to watch-lovers, shaped like a motorcycle lighthouse, it is fixed on a base in blond wood (loosened), and turning it slightly on the left, the nickel-plated facade is removed from the rear chrome-plated by releasing the rear of the alarm clock which is to be revised for the different settings. Small shocks and smears, 12 X 8.5 X 8 cm. More pictures and many more objects in our shops in Pau and Biarritz and on our website: [galerielhoste.com](http://galerielhoste.com).
