

Defense Cane

250 EUR

Period : 19th century

Condition : Bon état

Material : Painted metal

Height : 93 cm

Description

Beautiful cane defense or cane "casse-tête", whose pommel is metal alloy, decorated with a caricature or a grotesque: officer's head may be Prussian. work of the 2nd half of the 19th century.

the two screws had to be changed in time.

this cane has a pommel of considerable weight that allowed the time to use it as a weapon.
