Description

1930s Art Deco Breton bookcase cabinet stamped J.Philippe for Jacques Philippe, famous Breton woodsmith, having redynamised Celticism in his Celtic art studio in Rennes created around 1925.

There are only few works on the market of this artist and especially of the time and art deco style. the tiles are beveled and the hinges and keyholes are in wrought iron and hammered. there are 3 shelves.

This furniture is offered on this site with a big smoker's chair and an office chair Jacques Philippe also, these elements belonged to a set of office I think. the cabinet is very easily removable and reassemblable. possible delivery Paris and province.
