Description

WATERCOLOR ON PAPER LANDSCAPE BY LECONTE ROUJOU 1888 PARC Leconte ROUJOU has important sides on art price. it's made on a cardboard. I think it's an oil. The scene is interesting. We see sinners, vegetation. You will notice some small gaps in places. Sold as is, uncleaned and not restored. Leconte de Roujou exhibited at the Salon from 1850. He left many topographic views built with a classic rigor. In the treatment of luminous variations, he reveals himself to be a delicate landscaper; he knows how to confer on the aquatic element a lightness that contrasts with the geometric precision of the urban fabric. For the state thank you to detail the photos. Photos are an integral part of the description. Frame dimensions: Height: 56,5 cm Width: 41,5 cm Painting dimensions: Height:
