Description

As for the album on the Nordic countries, this one was obviously gathered by someone who lived there and realized many shots, portraits, groups of characters, fauna, flora as well as many images of local sculptures, both ritual and utilitarian like stools or games. Mounted on cardboard boxes in a file, from 10 X 15 to 13 X 18 cm, they are accompanied by a strong set of 24 X 30 cm.
One of them shows an official building marked Bamoun Region, which put me on the track of Cameroon.
Do not hesitate to ask for photos or additional information by mail or phone.
