Description

Dimensions: Height, 106cm; diameter, 50 cm; circumference 150 cm.

Luigi Marras (Cagliari, August 11, 1922 - Terni, September 3, 2008) is an Italian sculptor. Born in Cagliari, he moved to Terni at a young age to become a teacher at the Magistral Institute "Francesco Angeloni". Famous for his bronze works characterized by great plasticity, Marras also realized several public works in the city of Terni: the sculpture entitled "Mater and magistra" (placed in the courtyard of the college De Filis) and the large ceramic frieze on facade of the Magistral Institute.
