### Description

The scene is probably in the Hungarian Puszta. A cart covered with hay, harnessed with two horses, circulates in the plain. A hamlet is emerging in the background. Oil painting on panel. 11.8x14.2 cm (21.2x23.3 cm with frame) This is most likely a work by Hermann REISZ (Neuhäusel 1865 - Vienna 1920) who was particularly fond of this theme and this kind of composition.
