Jean Mayer : Large Watercolor "jete De Dalhias"

980 EUR

Period : 20th century

Condition : En l'état

Material : Water color

Description

This spectacular watercolor of very large format (54 X 72cm out of frame, 75 X 92 cm overall) shows us a throw of multicolored dahlias placed in the middle of dead leaves while waiting to make a bouquet ....
Sensitivity with which each petal is painted suggests that the artist may have been a pupil of Blanche Odin ... Beautifully mounted in a golden frame with a little rugged channels, especially at the bottom, by a marie-louise double bevel.
Do not hesitate to ask us by email or phone for additional information or photos.
