220 EUR

Period : 20th century

Condition : Très bel état

Length : 16 cm

Width : 12,5 cm

Height : 15,5 cm

Description

Here is an amazing instrument! trigger - mutually triggered by a clockwork movement that works perfectly, the electric wire had to exit through the hole at the back of the device, the dial is rotated when passing over the two letters E and D the trigger trips or snaps, probably for the opening and closing of current in an old factory or other ... movement in a beautiful cabinet of oak locking, well complete cabinet. its length is 16 cm by 12.5 cm wide for a height of 15.5 cm instrument in a superb condition.
