Description

Cage chandelier Louis XVI style, 16 lights, bronze and rich ornamentation of cut crystal, white, smoked and amethyst pendants. The interior of the cage is embellished with 8 illuminating tulips, on 2 levels, coming alternately with the 8 arms of light. The ornamentation of pendants and platelets in cut crystal in different shades and very varied in size and shape, nuances the tone of the lighting. The arches of light end with acanthus leaves with acanthus leaves, surmounted by fluted binets. The end of the lamp ends with a cubic-faceted blown-crystal ball, topped by a dome-shaped crystal-domed casket inside the cage. the summit part is connected by a small hexagonal baluster shaft connecting the 2 levels, surmounted by a pavilion decorated with cut crystal pendants.
