Description

The awakening of the fauna at the height of his nap, reveling in the bacchantes he knows how to find ... Plaster workshop exquisitely crafted, where the rendering of pleasure and desire, inspired by Clodion, melt in a bill close to that of Bugatti. Work difficult to date, certainly late 19th, early 20th, without signature. The strength of the subject is perfectly rendered. A bronze print is conceivable, given the extreme quality of the work and its finished appearance. An estimate to 2508 euros has been established (with mold and bronze).
