

Rare Floor Lamp 1930 In Bronze

380 EUR

Period : 20th century

Condition : En l'état

Material : Bronze

Description

This elegant floor lamp is "in its own juice": it had been transformed by the addition of wooden spinning tops turned into a coat rack! He is therefore to re-electrify, but his line speaks for itself: it is in the hands of a great. The feet of gazelle horn are reminiscent of Chareau, but also perhaps Jansem.

Dimensions: 136 X 44 cm approximately. I did not see a signature except under the base, the letter "D" struck in the bronze. Do not hesitate to ask us by email or phone for additional information or photos.

We have many paintings to restore at our shop of Pau for which we prefer the sale on the spot, preferably in batches! Other photos and many other objects in our shops in Pau and Biarritz and on our website: galerielhoste.com.
