Pair Of Nineteenth Vases In Barbotine With Dragon

1 700 EUR

Period : 19th century

Condition : Très bon état

Width : 30 cm

Height : 54 cm

Description

Superb and rare large pair of 19th century slab potiches. They rest each on 3 feet supporting the vase. They are adorned on their faces with bouquets of flowers and foliage in relief of a great realism and a high quality of fnition. The enormously scalloped neck is worked like the leaves of thistles. On each side are 2 dragons holding the collar all very colorful. Rare work in this dimension and especially of an exceptional quality of execution, all in farfait state of concervation.
