Description

Superb and large oil painting on canvas of the nineteenth time representing a young elegant woman a buttonhole rose. She is presented sitting, crossed arms, dressed in a very elaborate dress and lace dress, closed at the neck by a rose. The young woman with a soft look, her hands crossed, holds in her hand a fan. Work of great finesse, with great precision of details, presented in a superb wooden frame and golden stuck of the same period as the painting. Quality set in excellent condition.
