Description

Rarely I live more erotic object ...
Certainly more by what it implies than by the representation, but does not one say that our biggest sexual organ is our brain? If a lady could agree to spend a night in a bed other than hers, it would have been inadmissible for her to return her dirty effects the next day ...
The usefulness of this little repair kit slipped into a minaudière, between the red and the powder.
Made of a leatherette case of the brand GROSS, it protects a rolled string, two thumbtacks and six clothespins.
The lady could do a little laundry in the evening, plant the two bugs in a corner of the wall strung with string and hang her underwear with clothespins to dry them ...
Circa 1940, 9.2 X 30, 3 cm open, 9.2 x 7 cm
