Alexandre Kostanda, Large Brown Vase

650 EUR

Signature : Kostanda Alexandre

Period : 20th century

Condition : Parfait état

Material : Ceramic

Height : 30 cm

Description

Alexandre Kostanda opened his studio in Vallauris in 1953 and is one of the great artists of the post-war period. He was a teacher in Macon during the war and trained the four young people of Accolay. He created different sets and this large vase is a good example of Kostanda's brown-speckled decor. This vase has enamel bubbles that vary the light. Perfect state.
