Description

Very nice showcase mahogany, opening a door, and small shelving in the right. Decorated with beautiful bronzes on the theme of the thistle, typical motif art nouveau and dear to the school of Nancy (whose most famous representatives Gallé and Majorelle, are also largely inspired). Inside, three small glass rays, resting on small fixed cleats in Bronze. (to point out some small defects of use on the rays: a small shine and a small slit, without gravity, can be solved on request). Very good condition, has been restored (a rear foot reinforced by a small iron leg, two bursts of reconstituted veneer back).
