

Antique Gold Verge Fusee Pocket Watch

5 000 EUR

Period : 18th century

Condition : Etat d'usage

Material : Gold

Description

A very rare old verge fusee pocket watch in 22K gold. The outer case is repoussé and engraved and is a little used wearing the signs of time. The inner case contains the watch and is marked with 5 different hallmarks.

The watch with the fusee, the chain and all the mechanism is in perfect condition and is all engraved. It is marked: 2033 Markham London. London early eighteenth century.

Note: Markham was an important and famous watch manufacturer from the late 17th / early 18th century. After partnering with Markwich (another major manufacturer of London watches).

- Dimensions: cm. 5.6 x 2.9
