Description

I have often bought bookends, objects which, for a bibliomaniac of my kind are totally useless, but which constitute a mini-museum of sculptures at reasonable prices!
Here, to maintain your collection of books on Oceania, here is a pair of Tikis, certainly made on the spot in an exotic wood for the European market in the 30s.
About 23 cm high, they carry a removable lance whose one on the rugged and shortened stalk.
Do not hesitate to ask us by email or phone for additional information or photos.
We have many paintings to restore at our shop of Pau for which we prefer the sale on the spot, preferably in lots! Other photos and many other objects in our shops in Pau and Biarritz and on our website: galerielhoste.com.
