## "fragment Of Guirlande In Terracotta"

350 EUR

Period : 18th century

Condition : En l'état

Material : Terracotta

### Description

This beautiful fragment is obviously old, but from what era? It reminds me of the entourages of Virgins à L'Enfant that the Della Robbia enamelled terracotta made in Siena in the sixteenth century, but whose style continues until today. This is probably an element (see the fasteners fasteners to others on the back) which was to be expected to enamel natural later.

Terracotta rather light, but very heavy. Beautiful dimensions for this very decorative object: 39 X 21 X 10 cm
