Description

Cherrywood torchère with a tripod base. This piece is unusual due to the disproportion between the base and the tabletop. The top is warped and has undergone several restorations, yet it remains entirely original. The base features S-scroll legs of exquisite refinement. The slender, elegant baluster is characteristic of the period, and the lower section is accented with decorative rings. Lightweight and easy to move, this piece was designed to be repositioned within a room. Delivery is available (not included in the price). I welcome your offers! A new adventure is on the horizon.
