Description

Broad and powerful touch, tawny accents, balanced composition, all this indicates the leg of a real painter ... who does not exist !

At the very least, I did not find it listed in the different dictionaries.

The previous owner having me, with all reservations, that he was the surrealist doctor and that painting was his leisure. To check.

Table of pleasure, therefore, on plywood panel of beautiful dimensions 50 X 61 cm, fine network of cracks due to the material and small accident on the top right, dressed of a framework of a slightly uneven style.
