Maison Ouzille-Lemoine was the jeweler of the Legion of Honor. He was also selected with the Maison Mellerio for the execution of the imperial crown and the decorations of the Emperor Napoleon, the crown of the Empress Eugenie, as well as his diadem, his belt, the brooches, the bouquet, the hairstyle. and the fan.

Our opinion: A magnificent work of the material for this adornment in the feminine origin but which could also seduce an enlightened amateur because of the materials used.
