

18th Century Italian Christ In Polychrome Wood

1 800 EUR

Period : 18th century

Condition : Très bon état

Width : 21cm

Height : total 50cm tête 26cm

Description

Superb and rare head of Christ in polychrome wood, Italian work of time XVIII. This work of great realism is finely carved, presented with open mouth, the Christ almost gives the impression of being "smiling" which is all the more rare. The polychrome remains in excellent condition and a great realism and original sulphide eyes accentuate this realism. High quality work and presented on a recent base.
