

## Table

3 200 EUR

Period : 18th century

Condition : Parfait état

Material : Mahogany

Length : 91 cm

Width : 53 cm

Height : 73 cm

Description
-------------

Architect table mahogany, very good quality, mechanism called "Tronchin". It opens with a drawer forming a writing desk and two side pulls. The desu, activated by a rack mechanism, concealed in the thickness of the belt, rises to the desired height and unfolds to form a desk. It rests on four square feet, trimmed with gilt bronze hooves.
