Pair Of Planters In Marquetry Marble.

900 EUR

Period : 19th century

Condition : Restauré

Height : 16

Description

Very rare pair of cache- pots for succulents (miniature succulent plant). Of Italian origin, these marble marquetries were and are still very popular. Nineteenth time. All the floral motifs are different on each side. Slight lack of marquetry on one of the faces of a pot holder. It also lacks a decorative corner rods. One of the inner zinc tanks has no background.
