### Description

Between the mother and the child, two white doves beak against beak testify to the love that the young mother brings to her child. The work is signed and dated 1936 lower right. A work in pure Art Deco style, beautiful colors remained very fresh that you can better appreciate on the photos that I took without the frame (and therefore without the reflections due to the presence of glass). Very good state. Frame and original mat as well as the protective glass deliciously bubbled. A beautiful Art Deco work that will fit perfectly into a current world. 64 cm x 49, 5 cm at sight 77 cm x 62, 5 with the frame
